

WEBSITE BULLETIN – FRIDAY 16TH MARCH

HELPLINE SUCCESS CONTINUES

Calls are still flooding into the Helpline with 9000 calls placed during the period Monday 12th to Wednesday 14th March.

We are aware that many callers are still experiencing difficulties in getting through, but Helpline staff are processing 1000 calls a day. Of the calls answered during this period, almost 500 have come from previously unknown creditors.

The large number of new creditor registrations has slowed down the rate at which calls can be dealt with as each new creditor registration takes over 5 minutes to process.

We would again encourage creditors to have patience and keep trying. We are anxious to speak to as many creditors as possible.

Again our thanks go to the public for all the information they are providing, much of which will be extremely valuable in this investigation.

This statement has been issued on behalf of the joint administrators of Ticket Tout Ltd. – Lane Bednash and Mark Reynolds of insolvency practitioners Valentine & Co.
